**Grant Approved: \$1,830,000.00**

**Project Duration: 3 years**

**Target Groups: Tin Shui Wai Tin Yat Estate Residents**

**Location of the Project: Tin Yat Estate, Tin Shui Wai North, Yuen Long**

#### **1. Project Highlights**

##### **(i) Objectives**

- To enhance mutual help of the residents and to build up a caring community in Tin Yat Estate
- To enhance the problem solving skills of the residents
- To strengthen the social and supportive network of the residents

##### **(ii) Strategies**

- To mobilize residents to be volunteers and leaders, and to enhance their coping ability
- To organize Child Care Team, Domestic Helpers Team and Maintenance Team to cater for the community needs

##### **(iii) Expected Outcomes and Performance Indicators**

- **Immediate results**
  - training volunteers to encourage their participation in the community
  - strengthening family support network and to enhance their problem solving skills
  - exploring the hidden and crisis family and provide supporting service
  - mobilizing the community resources to serve the residents

➤ **Longer term impact**

- developing the mutual aid network, enhancing problem solving skills
- establishing good neighborliness, the core element in the development of social capital
- cooperation with the different sectors and make use of the program resources to provide more employment opportunities

## **2. Brief Description of Programmes**

Aim to mobilize the Tin Yat Estate residents, to be the ambassadors (volunteers) to keep close contact with their neighbors; and to organize three service teams to provide service to the community.

➤ **Child Care Team**

Organize the volunteers to provide after school service to the children.

➤ **Domestic Helpers Team**

Organize the graduated of ERB's certificate in domestic helper to provide household cleaning, laundry, purchasing, basic cooking, escorting service.

➤ **Maintenance Team**

Organize unemployed and so call "sam-hong" construction workers to provide household maintenance service.

## **3. Unique Feature and Areas of Innovation**

- provide direct service to the residents, develop and strengthen the mutual aid network
- through the systematic training and service to enhance the mutual aid and harmonious relation in the community
