

Project No : 0045-03
Project Title : Power Performance
Name of Organization : Caritas District Outreaching Social Work Team -
Southern
Grant Approved : HK\$ 600,000

Project Highlights :

This is a career planing and development project for youth. It aims to help the youth, who have potential in Sport or Art but fail to attach to the community, to improve their self confident and to confirm their career planing. Through the process, they will be attached to the community, again.

Brief Description of Programmes to be organized:

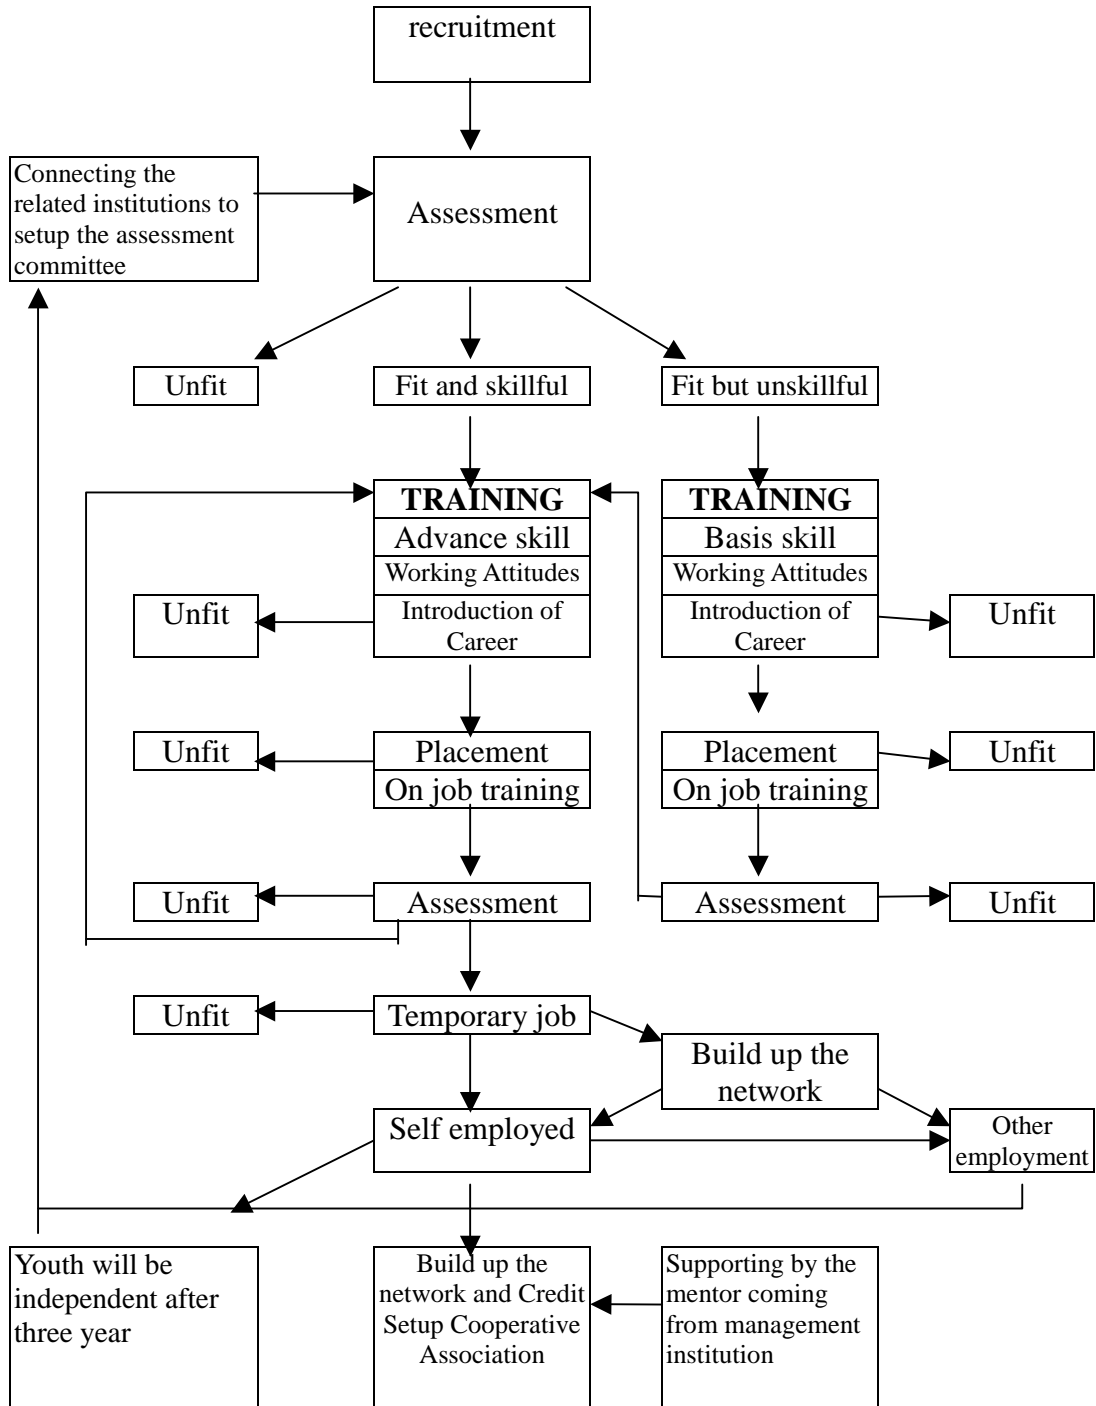

1. Sport & Art training and career counseling
We will provide Sport & Art training, career counseling, visit and introduction course for the youth who have potential in Sport or Art to improve their skill and understanding of the career.
2. Skill Assessment
We will organize a Sport & Art Assessment Committee to assess the skill level of the participants. They will understand their skill level and the requirement of the employer through the assessment.
3. Placement
We will provide placement for the participant to increase their experience and their self confident.
4. Temporary Job
We will prepare the participants to establish a network to take up freelance job by temporary job in the Sport or Art institutions.
5. Cooperative Association
Participants will setup a Cooperative Association and will build up a community network. The ultimate goal is the participants can be self-employed.

Unique Features of the Project :

- This project matches the characteristics of youth that have potential in Sport & Art but do not like to obey rules and regulation in office. We will provide skill training, placement and temporary job to help them understanding the real working environment, their personality and capability. Ultimately, the participants can make their career planing and

can be attached with the community again. The flow chart is as follows:

Flow chart of the project

*A multi entry and exit system installs in this project. The outreaching will follow up all withdrew case.
