Location of the Project: Southern district

1. Project Highlights

I. Objectives

- a) To develop the potentials and boost the motivations of the marginalized youth through the mentorship scheme
- b) To mobilize the mentors and mentees to participate in the community building
- c) To develop more intensive and extensive mutual networks

II. Strategies

- a) To facilitate the young people changing their roles from services recipients to services helpers through the mentorship scheme
- b) To mobilize the mentors and mentees to echo the needs of new community
- c) To strengthen and widen the existing networks

III. Expected Outcomes and Performance Indicators

- a) The mentees should need to provide concrete community contributions
- b) The new Shek Pai Wan Clubhouse should be established by the mentors and mentees who are also responsible for organizing all the programs of the clubhouse.
- c) The mentors and mentees should form the community networks with the Shek Pai Wan residents

2. Brief Description of Programmes

This programme is the second phase of the Ulysses Project. This year is mainly to strengthen the support network between the marginalized youths and their mentors by establishing the new Shek Pai Wan Clubhouse together. It is not only to assist the youths to develop their potentials, but also to provide the opportunities for them to contribute to the community. The youths will take the active roles of getting involved in community building.

3. Unique Feature and Areas of Innovation

- a) This project is able to provide the opportunities for the youth to contribute to the community. The youths will enhance their self-confidences by getting involved in the community building.
- b) The mentors and mentees are jointly to participate in promoting the social harmony of the newly redeveloped area, Shek Pai Wan Estate.
