Briefing Session on CIIF 17th Batch Application
Theme of Application: Social Capital – Cross-sectoral
Support Networks for the Carers
Focus: Care for the Carers

Do you find that many families are required to take care of their members with chronic illness or disabilities for a long time in the community?

Do you want to find solutions for these families, alleviate their pressure and release their potential?

Is it possible to empower service recipients and carers? What are the strategies?

Do you intend to connect various stakeholders in the community to build community support networks and social capital for these families?

If you share the above observations and ideas, you are cordially invited to join us in exploring the practicable strategies.

First Step You are invited to attend the **Briefing Session on CIIF 17th Batch Application**. Representatives of any bodies and collaborative organisations which are going to submit other proposals with the objective and strategy of **social capital building** are also welcome.
